**Re:** Beneficiary: Anil Gogia  
Petitioner: **Optum Services, Inc.**

Dear Madam or Sir:

I am writing to confirm the experience and expertise of Mr. Anil Gogia in the field of Computer Engineering and Application Enablement Business Service Software Development

Mr. Anil Gogia has 12 years of experience in Computer Engineering and Business Service Software Development. He has been with UnitedHealth Group Information Services Private Limited since 20-Nov-2006.

He has expertise in analyzing, designing and building of applications in the areas of banking, insurance, mortgage and Healthcare. He has worked extensively on Application Enablement (AE) which has responsibility to implement Service oriented architecture (SOA) based Enterprise Service Bus in UHG for seamless connectivity among various applications. He has expertise in various middle tier technologies used in AE which include United Programming Model, WebSphere message Broker, WebSphere MQ, SOA, and Foundation Framework.

He has developed many tools which helped in stabilizing production environment. He has expertise in improving the already existing process by automating them. He has developed MINDI UPM3 Config app, AE Logger tool, Error Reporting and Purging tool, SUIT tool, Test Data capturing tool, Swing based AeMqVisualizer tool.

He has been working on various UHG information Systems projects as a Technical Specialist, Module Leader, Subject Matter Expert and subsequently as an Senior Architect (progressively responsible positions). He has gained his experience through execution of hands-on projects. Mr. Anil Gogia has gained his technical knowledge from the training provided to him at UHGIS on Spring, LISA, Datapower, DataStage and Application Enablement, Claims Training and Health Insurance Processes, UNIX, Pega tool and build deployment tools and technologies.
